**#egov2025
EXPO package**

Support the event, and shape the future!

Join the leading global event for digital governance to shape the future of digital transformation and participate in the **expo**.

#egov2025 informs, inspires, shares ideas, and fosters meaningful connections with **digital transformation leaders** and practitioners.

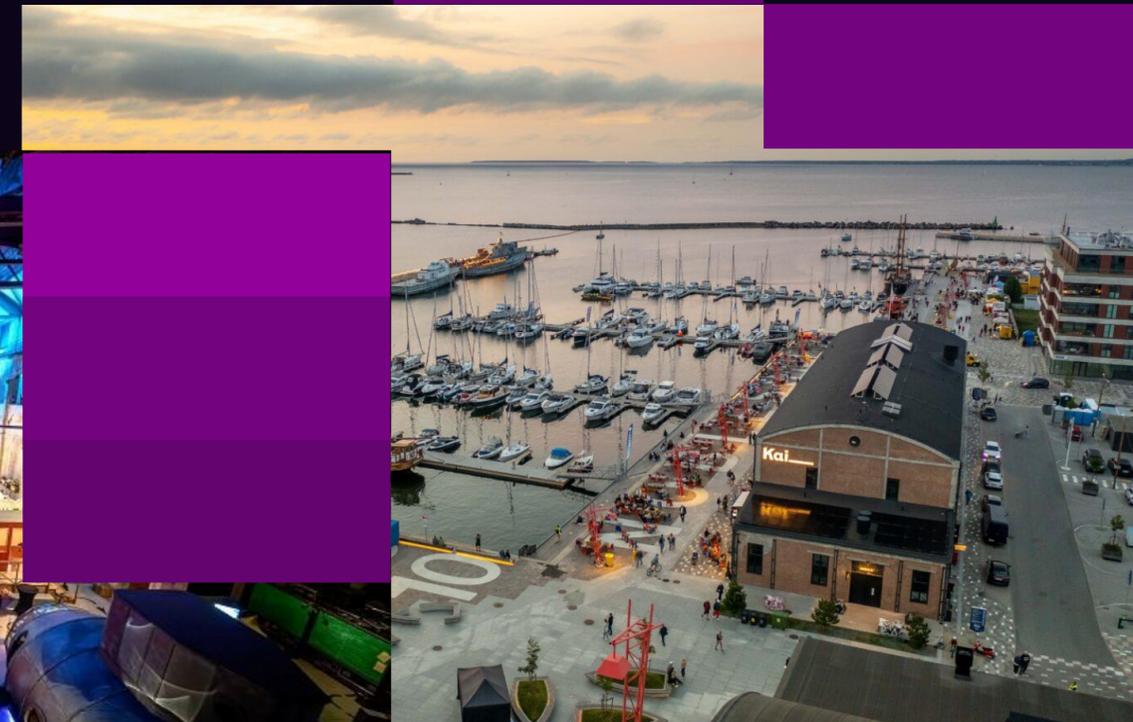

Hybrid Conference: topics, venue, participants

The 11th conference examines the strategic role of digital technologies in shaping long-term economic growth and competitiveness in both developed and emerging markets.

In keynotes, sessions, showcase corners, and workshops, we'll explore the intersections of economy and interoperability, cybersecurity, governance, data management, digital services, and AI.

Participants from more than 70 countries

- **Politicians, policymakers, civil servants and civil society leaders** who are developing and implementing national digital strategies.
- **Donor organisations** supporting the development of open, transparent, and efficient governance practices via IT solutions.
- The **business community** that is developing digital governance applications and assisting governments with implementation.

Noblessner awaits you!

The event will take place at **the Proto Invention Factory and Nobel Hall in Noblessner, Tallinn**, the most stylish seaside quarter of the region.
