

# Proven tactics: building smarter digital futures

Maksim Ovtšinnikov  
Director of Interoperability  
Digital Nation

1.

DPI + digital leadership is the key to success, just having technology is not enough

2.

# Effective digital strategy for the government with an actionable roadmap

3.

Adapting world's best practices  
to local context, not trying to  
implement them as-is

4.

AI is not an end-goal, but an enabler to achieve end-goals
